Executive Office of Elder Affairs partially funds this newsletter. Postage is paid by The Friends of Hudson Senior Center Inc. Occasionally the center provides speakers to help inform seniors regarding current senior issues. This type of forum is educational and allows seniors to ask questions for themselves. At no time is this to be construed as an endorsement from the Hudson Senior Center.

Legislature Lowers Cost of Prescription Drugs for MA Seniors

High prescription drug costs are a pressing concern for many. Last December, the Massachusetts Legislature passed S.3012, *An Act relative to pharmaceutical access, costs, and transparency*, which requires health insurers to cover life-saving medications for diabetes, asthma, and certain heart conditions with no, or limited, out-of-pocket costs for patients. Under the new law, patients in need of name-brand medications to treat chronic illnesses - including diabetes, asthma and some heart conditions - will pay no more than \$25; generic options are free. Consumers are not charged a cost-sharing amount, such as a co-pay, if it would be cheaper for them to purchase the drug without using their insurance.

Every year more than 41,000 people in Massachusetts are diagnosed with diabetes and more than 250,000 Massachusetts adults 35+ have heart disease. Approximately 680,000 Massachusetts residents live with asthma and adults ages 65 years and older had the 2nd highest rate of hospitalization due to asthma.

This new law also seeks to control prescription medication costs by:

- Increasing state oversight of pharmacy benefit managers (PBMs) by authorizing the Division of Insurance (DOI) to license and regulate PBMs
- Creating a more complete data-driven picture of drug costs in Massachusetts; the Center for Health Information and Analysis (CHIA) will collect a range of drug cost information from pharmaceutical manufacturers and PBMs and use the data in its annual report on the drivers of health care costs
- Including CHIA's cost analysis, along with testimony from pharmaceutical manufacturers and PBMs, in the Health Policy Commission (HPC)'s Annual Health Care Cost Trends Hearing for the first time. Participation in the hearings will require manufacturers and PBMs to provide public testimony on the factors that influence drug costs, allowing those factors to be taken into account as the commission identifies how to improve care and reduce costs for residents.
- Establishing the Office for Pharmaceutical Policy and Analysis within HPC, which will be tasked with analyzing trends related to pharmaceutical access, affordability, and spending in Massachusetts. The office will publish an annual report with recommendations for strategies to mitigate pharmaceutical spending growth, promote affordability and enhance pharmaceutical access.

I'm proud that my legislation on transparency in prescription drug costs was included in S.3012. Making life-saving and essential prescription drugs more affordable offers relief to individuals and families in Massachusetts and is a step forward in creating a health care system that delivers affordable, high quality and accessible care for all.

Hello to Everyone,

I hope everyone is doing well! We are very excited because construction on our back deck will finally start in April.

Highlights in this newsletter:

- Please see page regarding the Annual Town Meeting and Annual Election. Your vote counts, we have information on how you can vote by mail.
- Concerns about the override? Join Together for Hudson at the senior center on Monday April 14th regarding the impact of the override. Coffee and pastry will be served.
- Mass Aging Access, Mass Councils on Aging and other senior agencies have organized an Older Adult Lobby Day at the State House Great Hall to address budget shortfalls in critical home and community-based services. This will be fun to voice your concerns, hear speakers, meet your legislators and have refreshments and boxed lunch.
- We still have openings for Attorney Christine Boutin's presentation "Have you heard about the evils of Probate" on Tuesday April 8, 2025 at 11:30. Please call to sign up!!
- Grab and Go in April!! Lasagna and meat balls, garlic bread and cannolis.
- Plated Mother's Day Luncheon, Tuesday, May 6th 12 noon!

Thank you ~ Janice

Do you have questions about the Town's Override and how it will impact our community?

Monday, April 14th at 10am at the Senior Center

Please join **Together for Hudson**, a community volunteer organization, on Monday April 14, 2025 at the Senior Center, at 10:00 am for an informative conversation regarding the override. Should the override not pass, how it will impact Town departments, the Senior Center, The Town Library, Public Works, Community Development, Finance Department and schools. Hudson has not had an override in over 30 years. An override would ensure our town avoids a disruption in important town and school services. Your questions will be addressed! Please call 978-568-9638 to sign up for this important event. Coffee and pastry will be served.

Felt Lavender Flower crafting session with Susan Rondeau Monday, May 5th, 9am to 11:45am

Older Adult Lobby Day... "We Are Here" At the Massachusetts State House Great Hall Tuesday, May 13th (11:00 am to 2:00 pm)

By 2030, Massachusetts is projected to have more than two million residents age 60+, representing 28.4% of the total population, yet older adults and people with disabilities have been underfunded for critical home and community-based services - programs which ultimately generate significant savings for the state while allowing consumers to remain in their homes with better health outcomes and higher quality of life.

If you would like to attend this Rally, please sign up by Friday, April 18th so I can arrange transportation to the State House. This event will provide a boxed lunch for everyone who is registered! If we arrive early, we may get a tour of the State House. Registration and refreshments start at 11:00 am, Speakers at 11:30 and 12:30 -2:00pm. Legislative Office visit.

If you are interested, you must sign up by Friday, April 18th.

Left, Center, Right" and "Nickels" with Diane Friday, April 18th at 1:00 pm – 2:00 pm

Come have some fun playing 2 different dice games with others; "Left, Center, Right" and "Nickels"; both games involving lots of luck and some strategy. Please bring along a few quarters and 6 nickels as well to use for play. Snacks will be provided by the Senior Center but feel free to bring your own as well.

Please call to sign up for this so we know how many people will attend. Thank you

Minimizing Capital Gains Upon the Sale of your Home

By Christine Boutin Of Counsel, Mirick

If you are like most seniors, you have lived in your home for many years. The value of your home has likely increased since you purchased it, meaning you will have a capital gain when you sell the home. A capital gain is the difference between the sale price of an appreciated asset and its basis. Basis in your home is, generally, the purchase price plus the cost of any capital improvements, less casualty loss amounts and other decreases. If you are thinking about selling your home at any point in the future, keep in mind these three ways to minimize your capital gains upon the sale:

1. Keep good records. When making a capital improvement to your home (for example, an addition, replacing a roof, or updating a heating system), you should retain all paperwork showing the cost of parts and labor. It's always a good idea to consult with a CPA prior to a starting a capital improvement, to determine what kind of documentation will be needed to prove your new basis.
2. Utilize the home sale tax exclusion. Another way to minimize capital gains upon sale is to claim the home sale tax exclusion on your income tax return. To claim the exclusion, you must have owned and used your home as your principal residence for two of the five years prior to sale. If you meet both criteria, you will be able to exclude up to \$250,000 of gain for a single person and up to \$500,000 of gain for a married couple filing jointly.
3. Retain your property until death. If you can, the best way to minimize capital gains on your home is to retain it in your name (or control) until death. Property owned by a decedent receives a step up in basis upon their death, meaning that the basis in your home would become its fair market value as of your date of death. If your beneficiaries sold your home shortly after your date of death, there would be little or no capital gains assessed on the home.

Editor's note: This column will appear in future newsletters. If you have a general probate, MassHealth, or estate planning question that you would like answered in a future newsletter, please feel free to call 508.860.1542 or email eganley@miricklaw.com with your question.

Medicare Savings Programs (MSPs)

I usually like to write about MSPs at least once a year. The reason being is that a lot of people forget these programs are out there to apply for, and in addition, their income guidelines change yearly. This means that you may be ineligible this year, but could be eligible the next, depending on your income. MSPs (Medicare Savings Programs) can assist with Medicare premiums, deductibles, copays and coinsurance. There are different levels of MSP that offer different benefits. MSPs are run by Mass Health.

MSPs are NOT insurance plans, they are programs designed to help lower your Medicare costs. MSPs work in conjunction with your Medicare or Medicare Advantage Plan benefits. It is important to understand that MSPs are not the same as Mass Health standard, or Commonwealth, which offer full comprehensive coverage, and can offer additional benefits beyond your Medicare.

If approved for the Specified low-income Medicare Beneficiary (SLMB) or Qualifying Individual (QI) benefit, Mass Health would pay for your Medicare Part B premium. The current cost of this premium for 2025 is \$185.00. Yes, that means if you were eligible for this benefit, you would not have the \$185 taken out of your social security benefit, and you would be able to keep your full check! If eligible for the Qualified Medicare Beneficiary (QMB), Mass Health would pay for your Part A Premium (if you didn't qualify for premium free Part A), pay for your part B premium of \$185, but also assist with your Medicare Part B cost sharing, such as deductibles, coinsurance under original Medicare, but also assist with copays if you have a Medicare Advantage plan. If eligible for any of these programs, in addition to receiving assistance with your Medicare costs, you would also automatically qualify for Full Extra Help with your prescription costs, which can save hundreds of dollars or more per year.

The income guidelines are as followed. Please keep in mind that these programs go by your GROSS income, NOT your net.

Single: below \$2,478 monthly for the QMB program, and under \$2,935 for the SLMB/QI program.

Married: below \$3,349 monthly for QMB and under \$3,966 for SLMB/QI.

If you are interested in getting more information about these benefits, how it could affect your coverage, and want us to screen you to see if eligible call the Senior Center at 978-568-9638 and ask to speak to a SHINE counselor.

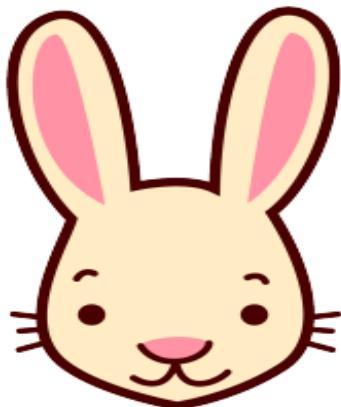

SMOC fuel:

Reminder, this is the last month to apply for SMOC fuel assistance as the program ends April 30th. They have in the past extended the deadline to apply until May, however, this is not guaranteed and we have yet to hear whether or not the deadline has been extended for this heating season. Do not delay applying for SMOC if interested for the 2024/2025 heating season. **You will get you recerts in the mail to apply for 2025/2026 during the late summer/early fall.**
