## REP. KATE HOGAN'S SENIOR NEWS

### Food & Meal Resources

The simple “every day” act of going to the grocery store has been upended during the coronavirus pandemic. For a number of folks in our district, and especially for some seniors, acquiring regular meals has become risky, difficult and/or unaffordable.

Fortunately, there is help. Following are resources and details for anyone impacted by food insecurity:

#### State Assistance

Project Bread's toll-free Food Source Hotline is an important source of community-based information on elder meal programs, school meals and SNAP. Call the hotline at 1-800-377-1292 available from Monday - Friday (8 A.M. - 7 P.M.) and on Saturday (10 A.M. - 2 P.M.).

The Commonwealth's Department of Transitional Assistance offers assistance with food and cash benefits to residents based on eligibility. To see if you qualify, visit <https://dtaconnect.eohhs.mass.gov/>

Meals on Wheels delivers lunch to homebound seniors who are unable to provide their own meals, and who meet certain guidelines. Meals on Wheels can be arranged through Minuteman Senior Services, 781-272-7177.

#### Food Pantries

The First United Methodist Church of Hudson MA is offering Drive-Thru and Pickup Provisions on Mondays and Thursdays between 12-2 pm. (Senior Citizens who need delivery please call Stacey at 978-601-2494)

The Hudson Community Food Pantry is open on Tuesdays & Saturdays from 9-10:30 am. Clients are asked to remain at their cars until it is their turn to enter the pantry. Clients will enter the pantry one at a time.

As always, photo id and proof of residency in Hudson, Berlin or Bolton is required. Call the Hudson Food Pantry with any questions: 978-562-5280

#### Local Restaurants Offering Delivery

Hello to Everyone!

I hope you are all well and remembering to wash hands, wear masks and social distance. For now this is what we need to do to stay safe. This is especially difficult because the fear and uncertainty of this pandemic is unsettling at best. There are many unknowns which can create a sense of insecurity for some of us. So let's focus on the things we can control. Moving forward we know that sheltering in place, wearing a mask, keeping social distance and washing hands has a positive impact on this pandemic. It may not seem like a lot, but collectively, when we all stay focused and do this, statistics show it makes a huge difference by lowering the number of infections and is empowering. Maintaining social connections is also important through phone, video connections, Facebook, Zoom etc. The staff and I continue to call our senior friends every single day. I challenge all of you to call one or two people just to say "Hi". We have found that people love getting calls from us, almost as much as we like making them. These are truly unprecedented times, one can never underestimate the importance of a phone call.

Holly, Ana and Janice are still providing assistance with SHINE and Medicare issues. Holly and Ana continue to assist with fuel and SNAP benefits. Please leave us a message.

Virginia started a **Hudson MA Senior Center** Facebook page so please visit. This is another way for us to get information out to you. <https://www.facebook.com/hudsoncoa>

I have been spending a lot of time re-thinking how to run programs, interact with members, perform consultations, and so much more in a new and safe manner. Kelli Calo from the Board of Health has been very helpful to me in defining "A New Normal". More on this later!

Thank you to all who have made face masks for the Hudson Senior Center

The Hudson Senior Center has received many homemade good quality face masks. We want to thank everyone who has contributed to our requests for face masks. We are aware of the following people who have dropped off large quantities of masks and would like to thank them: Aida Lage, Sally Mau, Barbara Moniz, Audrey Sacharkiewicz and her granddaughter. We did receive a large bag of masks but have no idea who dropped them off and would very much like to thank that person. If anyone is in need of masks please call the Senior Center 978-58-9638 leave a message and we will be happy to get the masks out to you. If people would like to contribute to masks for our center just let us know. The Unitarian Church in Hudson recently called and is also doing community service by making face masks for our center. Hudson is a wonderful and caring community. Thank you so much!!!

**Mass. residents who receive SNAP benefits can purchase groceries online with EBT cards through Amazon, Walmart**

The Baker-Polito Administration announced Friday that Massachusetts residents who receive Supplemental Nutrition Assistance Program benefits can purchase groceries online with electronic benefit transfer cards through Amazon and Walmart.

SNAP-eligible foods, including fresh produce, frozen foods, dairy and eggs, plant seeds, and more, that are bought online can be delivered to Amazon and some Walmart locations. Several Walmart locations also offer curbside pickup.

**Increase in SNAP benefits (Supplemental Nutrition Assistance Program) until the public emergency ends**

Some people receiving SNAP benefits may notice a bump their monthly benefit amount. About 55% of SNAP households are receiving extra funds for April and May. Only active recipients not receiving the maximum benefit will receive this supplement. The amount of the supplement is the difference between the amount the household receives in SNAP and the maximum grant amount for the household size. Households already receiving the maximum SNAP grant will not receive a supplement. Households are being notified by phone or text. The text reads, "In response to COVID-19, you will be receiving extra SNAP. Check your balance at DTA-Connect or by calling the number on the back of your EBT card." This added benefit will continue until the public emergency ends.

**Please contact your Pharmacy for delivery of Prescriptions**

Your local pharmacy may be offering a delivery service, please call and check. If you are not getting a 3 month supply of medications, this may be a time to think about that. You can simply ask your doctor's office to write a prescription for 3 months and send that to your pharmacy, or you can do mail order with your prescription drug plan. If you have questions you can call your pharmacy or the Hudson Senior Center.

**When will REAL ID be enforced?** The enforcement date is now October 1, 2021.

### SCAMS or Not a Scam

- **This one is Not a Scam or Junk Mail - Don't cut this one up or throw it out.**

Unlike the physical stimulus checks which come in a very official looking letter from the Department of the Treasury, the Economic Impact Payment prepaid debit cards look like they could be junk mail.

The IRS informs us that the cards will arrive in a plain white envelope from "Money Network Cardholder Services" with a return address from Omaha, Nebraska. It will not say the IRS or the Treasury or Washington D.C., which is what most would expect on a stimulus check.

### Update on Medical Equipment lending Program

**At this time we are no longer accepting or lending out any medical equipment,** however we have two resources that you could contact that loan out medical equipment:

- REquipment located in Worcester. Telephone: 508-713-9690
- Hospital Equipment Loan Program (HELP) located in Woburn. Telephone: 781-322-1052. They are open on Saturdays from 9-noon.

## SHINE UPDATES

The Hudson Senior Center would like to remind everyone that if you need assistance with your Medicare health insurance options, we have three SHINE Counselors available to assist you.

If you need to enroll in Medicare A& B due to the loss of your employer group health plan you might have a special enrollment period.

If you are newly retiring or turning 65 we can assist you with unbiased health insurance information on your Medicare options.

For anyone who missed their Initial Enrollment Period, the General Enrollment Period, or any Special Enrollment Period to which they were entitled, CMS has announced additional time, through June 17, 2020, to complete the above special enrollments with no penalties. This additional time is referred to as Equitable Relief. The Hudson Senior Center is happy to help you through this process.

We are providing SHINE counseling over the phone. If you need a SHINE appointment, please call the Hudson Senior Center at 978-568-9638 and leave a message for either Holly Richardson, ext. 475, Ana Terra-Salomão, ext. 476 or Janice Long, ext. 470.

## SHINE SCAM

**Please be advised that we have had reports that people are calling seniors, pretending to be SHINE and asking for their personally identifiable information, claiming they can deposit their stimulus checks. SHINE Counselors will not call you unless you call SHINE to set up an appointment. If you did not call to set up an appointment; do not give out any personal information and just hang up.**

The Massachusetts SHINE program has a YouTube channel featuring Educational Videos on Medicare and You. If you are interested in watching any of these videos you can access them on the following link: [https://www.youtube.com/channel/UCS\\_D1jaKqzgOJIX0tI79qrg/videos](https://www.youtube.com/channel/UCS_D1jaKqzgOJIX0tI79qrg/videos)

## **YOU'RE SINGLE. DOES YOUR ESTATE PLAN (STILL) WORK?**

If you've been single all your life, you've had a lot of time to worry about protecting yourself and your assets while you are alive and making sure they go to the right people after you die.

Occasionally, though, that plan needs updating as your situation changes, or as your worries do.

For example:

- Do you have fewer assets than you once did? If so, your need to structure things to avoid estate taxation later may no longer be relevant.
- As you get older, are you worried about the impact on your assets if you need nursing home care? If you want to protect those assets from having to be spent down if you need to qualify for MassHealth, you will need to protect them five years ahead of time.
- Is the person you named to take care of things for you if you got sick (through a health care proxy or durable power of attorney) or died (through a will or trust) now getting old too? It is time to make sure you have named a replacement in case your old friend or relative can't handle it.
- Are the people you want to give things to getting old themselves? You may want to specify that what you give them will instead be held in trust for them, so that those assets will not get counted against them and have to be spent down if **they** need to qualify for MassHealth.

If, on the other hand, you recently became single because you just got divorced or (more likely for my clients) because your spouse died, your estate plan probably needs to change drastically, for a number of reasons:

- While you were both alive, you probably owned most things jointly, so that if one died, the other became the sole owner, without the necessity for probate or other legal entanglements. Once you are single, you need to rethink all this. If you want assets to pass to people when you die, while avoiding the time and cost of the probate process, you need to either give them the interest in the property now (an outright gift, a joint interest in bank accounts, or a remainder interest in real estate, for example) or create a trust. You can name yourself as trustee while you are alive, but you need to name someone else as successor trustee for after you die or become incompetent and to divide up the assets after you are gone.
- If your spouse was the only person you named to take care of legal things for you (through your durable power of attorney) or to make medical decisions for you (through your health care proxy), you need to name a replacement.

For more information, please feel free to contact me at (508) 860-1470 or [abergeon@mirickoconnell.com](mailto:abergeon@mirickoconnell.com). I will also focus on this issue in my July virtual seminar, which will be aired on your local cable station, Hudson Cable Access (HUD-TV). You can also find the seminar on Frank and Mary's YouTube channel, [www.youtube.com/elderlawfrankandmary](https://www.youtube.com/elderlawfrankandmary). Frank and Mary's YouTube channel may be a helpful resource during COVID-19, as my co-hosts and I address many common issues facing seniors and the resources available during the pandemic through weekly virtual local cable TV shows.
